CPR Module Lecture Feedback

This form is completely anonymous and helps us improve this content for future classes. It will take no more than a couple minutes to complete. Here is some helpful guidance on giving helpful feedback that can most benefit our faculty and our course. We thank you for taking the time to provide brief feedback on this lecture!

- Drs. Muir & Curtis

Lydia Hellwig

2. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Population Health Aspects of Cardiovascular Disorders
- Cardiogenetics

Skip to question 50

Elizabeth Maynes / Maria Leighton

3. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Anatomy Pre-Lab 1: Beginning the Chest Part I, II and III
- Anatomy Pre-Lab 2: Superior and Middle Mediastinum, Exterior Heart & Coronary Arteries Part I and II
- Anatomy Pre-Lab 3: Internal Anatomy of the Heart: Chambers, Valves & Tracts Part I and II

Skip to question 50

Teresa Buescher

4. Which lecture are you providing feedback on? *

Dropdown

Mark only one oval.

- Lab 1 Clinical Correlation: Pneumo/Hemothorax, Penetrating Chest Trauma & Chest Tubes
- Lab 2 Clinical Correlation: Phrenic Nerve Injury, Coarctation of the Aorta & Pericardial Tamponade
- Lab 3 Clinical Correlation: Cardiac Anatomy and Cardiopulmonary Bypass
- Lab 4 Clinical Correlation: Cardiopulmonary Anatomy and Cardiac Plexus
- Lab 5 Clinical Correlation: Inhalation Injury

Skip to question 50

Thomas Flagg

5. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Introduction to Cardiac Structure & Function
- Self Study: Introduction to the Electrocardiogram
- Ventricular Function
- Starling Curves and PV Loops
- Analyzing the ECG
- Microvasculature and Local Control of Blood Flow
- Overview of the Venous System
- Functions of the Venous System
- Autonomic Control of Cardiovascular Function and Control of Arterial Blood Pressure
- Special Circulations
- Introduction to Renal Function
- Self Study: Body Fluids Composition & Compartments
- Control of Body Fluid Composition-Sodium and Water Balance
- Control of Body Fluid Composition-Potassium Homeostasis
- Control of Body Fluid Composition-Glucose, Urea, Calcium, Phosphate, Magnesium, & Other Wastes
- Control of Body Fluid Composition-Urine Concentrating Mechanism
- Histology Lab: Urinary System

Skip to question 50

Howard Bryant

6. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Hemodynamics
- The Cardiac Action Potential
- From the Cardiac Action Potential to the ECG

Skip to question 50

Guinevere Granite

7. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Anatomy Pre-Lab: Posterior Mediastinum

Skip to question 50

Mark Haigney

8. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Cardiac Auscultation and Heart Sounds
- Heart Sounds II: Abnormal Heart Sounds and Murmurs
- Arrhythmias
- Anti-arrhythmic Drugs
- ICR: Syncope
- Congestive Heart Failure [CHF]
- Positive Inotropic Drugs

Skip to question 50

Eva Polston

9. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Cardiovascular System Development Part I and II
- Urinary System Development

Skip to question 50

Teresa Dunn-Giroux

10. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Lipoprotein Metabolism Part I, II and III

Skip to question 50

Maria Leighton

11. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Anatomy Pre-Lab 5: Pleurae, Lungs, Bronchi, and Segments

Skip to question 50

Jordan Dimitrakoff

12. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Anatomy Pre-Lab 5: Kidney, Ureter, & Bladder

Skip to question 50

Clifton Dalgard

13. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Introduction to Respiratory Physiology
- Ventilation and Perfusion Matching
- Respiratory System Regulation
- O2 Transport
- CO2 Transport
- Acid Base Balance Part I and II

Skip to question 50

Harvey Pollard

14. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Dynamic Lung Mechanics & Pulmonary Function Testing
- Ventilation & Perfusion Matching
- Lung Embryology

Skip to question 50

Christopher Vojta / Michael Pavio

15. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Introduction to Radiology and Chest Imaging I
- Introduction to Radiology and Chest Imaging II
- Introduction to Radiology and Chest Imaging III
- Introduction to Radiology and Chest Imaging IV

Skip to question 50

Cara Olsen

16. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Cohort Studies
- Survival Analysis

Skip to question 50

Thomas Burklow

17. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Cardiovascular System Developmental Abnormalities Part I and II

Skip to question 50

Brian Hughes / Jennifer Hepps

18. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- ICR: Neonatal Transition

Skip to question 50

Kristi Frank

19. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Infectious Endocarditis
- Bacterial Upper Respiratory Infections
- Typical CAP
- Legionella and Pseudomonas

Skip to question 50

Couger Jimenez-Jaramillo

20. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Cardiac Pathology Part I and II
- Pulmonary Pathology

Skip to question 50

Alaric Franzos

21. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- ICR: Chest Pain
- Pericardial Diseases

Skip to question 50

Ying Feng

22. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Antianginal Drugs
- Vasodilator Drugs
- Drugs Targeting the Renin/Angiotensin/Aldosterone System
- Hypolipidemic Drugs

Skip to question 50

Jeannie Muir

23. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Hypercoagulative Disorders

Skip to question 50

Andrew Snow

24. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Anticoagulant and Thrombolytic Drugs
- Antiplatelet Drugs

Skip to question 50

Lisa Moores

25. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Venous Thromboembolism

Skip to question 50

Catherine Witkop / Alan Williams

26. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- LHS: Shared Decision-Making Lecture

Skip to question 50

Robert Kitz

27. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Vascular Pathology

Skip to question 50

Regina Day

28. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Adrenergics 1 & 2
- Pharmacology of Asthma & COPD

Skip to question 50

Fereshteh Nugent

29. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Cholinergics, Anticholinergics and Ganglionic Drugs

Skip to question 50

Ketan Mehta

30. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Physiology of Shock

Skip to question 50

Maura Watson

31. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Approach to Glomerular Disorders
- ICR: Acute Kidney Injury
- ICR: Chronic Kidney Disease
- ICR: Hyponatremia

Skip to question 50

Chloe Michel

32. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Nephrolithiasis Presentation, Dx, Rx, & Types
- Mechanical Urinary Tract Disorders
- Urologic Trauma

Skip to question 50

Ann Jerse

33. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Urinary Tract Infections

Skip to question 50

Lynette Parker

34. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Renal Pathology Part I and II

Skip to question 50

Joseph Mattapallil

35. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Viral Upper Respiratory Infections

Skip to question 50

Eric Laing

36. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Influenza

Skip to question 50

George Liechti

37. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Atypical CAP

Skip to question 50

Edward Mitre

38. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Pulmonary Tuberculosis
- Endemic Mycoses

Skip to question 50

Kimberly Fabyan

39. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Pulmonary Function Testing
- Obstructive Lung Disease/Bronchiectasis

Skip to question 50

Abhimanyu Chandel

40. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Pulmonary Hypertension

Skip to question 50

Brian Elliott

41. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Restrictive Lung Disease

Skip to question 50

Jessica Bunin

42. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Pulmonary Edema and Acute Lung Injury

Skip to question 50

Jacob Collen

43. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Hypoxemia and Respiratory Failure Part I-V

Skip to question 50

Ian Stewart

44. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- ICR: Acid-Base

Skip to question 50

Griffith Curtis

45. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Hypertension
- ICR: Approach to Cough
- ICR: Approach to Dyspnea

Skip to question 50

Rob Kortum

46. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Diuretic Drugs

Skip to question 50

Michael Klein

47. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Heart Mechanics

Skip to question 50

Jordan VerPlank

48. Which lecture are you providing feedback on? * Dropdown

Mark only one oval.

- Spirometry, Lung Volumes and Static Lung Mechanics

Skip to question 50

Smyth, Jeremy

49. Which lecture are you providing feedback on? Dropdown

Mark only one oval.

- Histology Lab: Circulatory System
- Histology Lab: Respiratory System

Skip to question 50

Lecture Feedback

50. Please rate the overall quality of this lecture (or lecture series): * Dropdown

Mark only one oval.

- Excellent
- Very good
- Good
- Fair
- Poor

51. Did this lecture or lecture (or lecture series) meet it's stated objectives? If not, please elaborate below in the improves section. * Dropdown

Mark only one oval.

- Yes
- No

52. What are 1-3 things to improve about this lecture (or lecture series)?

53. What are 1-3 things to sustain about this lecture (or lectures series)?
